

VirtuaTilt Profile-Identity LED

Quick-Reference Card

Hold one of the 8 cabinet profile buttons during power-on. The profile-identity LED lights up in the matching colour.

Slot	Cabinet button	LED colour	Game (write or type in)
1	Left Magna	 AMBER	
2	Green Button	 GREEN	
3	Red Button	 RED	
4	White Button	 WHITE	
5	Blue Button	 BLUE	
6	Center Button	 MAGENTA	
7	Yellow Button	 YELLOW	
8	Right Magna	 CYAN	

(no button held during boot → LED stays off, default profile loads)

How to use

1. Power off VirtuaTilt.
2. Press and HOLD ONE of the 8 cabinet profile buttons listed above.
3. Power on (keep the button held).
4. Release after ~3 seconds — the LED lights up in the matching colour.
5. The LED stays that colour for the entire session, until next reboot.
